

Educator Wishlist

INSTRUCTIONS

In the spirit of the holidays, The Educator Wishlist is a chance to talk about what we're hopeful for this upcoming year.

1. **Put the Wishlist poster up** in your break room, employee lounge or bring it to your school's holiday party.
2. With your co-workers, **write what you wish for your students, school and yourself** in 2023 to foster the joy of learning and teaching.
3. FEA and your local union will gather the wishlists and produce New Year's resolutions for school board members and legislators in January.

Examples

Any kid will tell you wishes are limitless — so don't hold back!

But if you need some examples/inspiration:

-  I'd like our kids to have more recess and time to be kids.
-  More time with my family and friends!
-  I want enough bus drivers for all our students to get to school safely.
-  A class set of novels.
-  Support and respect from lawmakers!!
-  I'd love better mental health services for our students ... and for their teachers and school staff!
