

Access Your Benefits Today

The Florida Education Association (FEA) has recently released our new look for the FEA website www.feaweb.org.

The screenshot shows the 'Need a Password' page on the FEA website. The page includes a navigation bar with links like 'Home & Action', 'Member Center', 'Who We Are', 'Professional Development', and 'News & Events'. The main heading is 'Need a Password'. Below the heading, there are instructions: 'To create or reset your password, please enter your Member ID, Last Name and We will display a temporary password to login with.' There is a note: 'Note: If you do not know your membership ID or Local ID please contact your contact information here: [Directory Search](#)'. The form has three input fields: 'Member ID*', 'Last Name*', and 'Email Address (Optional)'. There is a checkbox for 'I don't have an email' and a 'GET NEW PASSWORD' button. A dropdown menu is open on the right, listing various local unions: State or Local Staff - 7499, Alachua CEA - 3749, Alachua Retired - 3450, Baker CEA - 7400, Baker CESP - 7401, Bay ESPA - 7403, Bay, Assn of Bay County Educators - 7402, Bradford EA - 3603, Brevard Federation of Teachers - 2098, Broward Retired - 7036, Broward Teachers Union - 1075, Calhoun - ACE-7477, Charlotte ESPA - 7406, Charlotte FEA - 7405, Citrus CEA - 7407, and 4-digit Local ID*.

You will no longer need the password sent to you with your card. You can simply click the "create new password" button; enter your member number, last name and select your local union from the dropdown menu.

You will have 2 options you can put in an email address and a temporary password will be sent to the email you provide, or you can omit from putting an email and a temporary password will display immediately.

Once the temporary password displays **use your mouse cursor to highlight and copy the temporary password**; then click the link that takes you back to the login.

Enter in your 10-digit membership number found on your Access membership card and **paste the temporary password you copied**. Once you are logged in you can scroll down the profile page and change your password to whatever you wish.

After changing your password, you can scroll to the bottom of the profile page to;

FEA Links
